A screenshot of a GitHub repository page for 'mofa-org / mofa'. The page shows various navigation tabs like Code, Issues, Pull requests, Discussions, Actions, Projects, Wiki, and Security. Below the tabs, there's a summary card for the repository 'mofa' which is Public. The card displays metrics: 14 issues, 11 pull requests, 11 discussions, 38 forks, and 142 starred users. A red arrow points from the right side of the image towards the 'Starred' button on the card. At the bottom of the screenshot, there's a snippet of the repository's codebase showing a commit from 'github-actions[bot]' bumping the version to 0.1.35. To the right of the screenshot, there's a large, colorful 'MFOA' logo where each letter is a different color (M is red, F is orange, O is blue, A is teal).
